BRITAIN'S WATERFRONT NEWSPAPER

MARCH 2006 VOLUME 6 NUMBER 3

Shelley will star at

**SPORTSBOAT
& RIB SHOW**

SHELLEY Jory, last year's Honda 225 Champion, will be attending the Sports Boat & RIB Show, which will take place at Ocean Village in Southampton between April 29 and May 1.

Shelley and her race partner Libby Kier were the only all-girl team to compete in the Honda Formula

Fourstroke 225 series, racing against 14 teams of men.

Shelley, who also owns a bridal wear business in Southampton, will be at the Show every day with her power boat, taking members of the press on to the water.

Despite a huge crash in 2003, which caused extensive damage to her previous boat, a V24, Shelley has gone from

strength to strength. After more than ten years of flying the flag for British women in her sport, her success last year has confirmed her position as one of the UK's leading offshore power boat racers and the top female in her sport.

The 2006 Sports Boat & RIB Show will feature around 80 exhibitors, showcasing a superb selection of new

and used sports boats, PWs, RIBs and luxury vehicles, as well as equipment, clothing and accessories.

Featuring non-stop entertainment and attractions for all the family, the show will host a number of on and off water displays, exhibits, competitions and demonstrations.
