Shelley Jory and Libby Keir bag Honda title

The only all-girl Honda Formula Four-stroke team have won the 11th and final round of the series in Guernsey to take the 2005 Championship title.

Shelley Jory and Libby Keir in *Team Raymarine* were just three

points ahead of nearest competition *Fat Boy Racing* at the start of the race, but they easily won both heats at the Guernsey Grand Prix to take first place.

"I can't believe it!" said an elated Jory following the win. "We'd given up on the title and were really trying to consolidate second or third overall. But after our first victory at Guernsey we knew the championship was in our sights and luckily everything went right for us in the final race. It's been an incredible season and we've got the result we were looking for. Fantastic!"
